HEC Paris Open Day

**JANUARY 31, 2015

The Open Day is a fantastic opportunity to feel the unique HEC Paris experience by meeting with current students and professors, as well as the admissions and development team on campus.

Explore our campus and facilities, benefit from personal advice and learn about our programs.

Attend the presentations from the Academic Directors of the programs.

HEC Paris has a long-standing reputation for the quality of its programs and the placement of its graduates.

Our approach of management is based on:

- A perfect balance between theory and practice, hard skills and soft skills, with both reputable researchers and professional experts teaching in all our programs
- A strong involvement of numerous corporate partners throughout the year: companies-sponsored Certificates, Consultancy projects, Seminars, Business games,...
- An active and powerful Alumni network: 50,000 alumni of 107 nationalities.

The Master in Management – Grande Ecole Program is accessible to all Universitat Politècnica de Catalunya students who have completed their Bachelor, and are in their first year of Master at Universitat Politècnica de Catalunya.

At HEC Paris, UPC students follow the two phases of the Master in Management program, which enable them to acquire both an excellent grounding in general management (1st phase) and expertise in a specific field (2nd phase, with specializations offered in Finance, Strategic Management, Marketing, Economics...).

We firmly believe this combination is the key success factor in training future leaders and making a lasting impact on the careers of our students.
