

# Spring PhD Day - ESEIAAT - 17th of May 2023

#### Escola Superior d'Enginyeries Industrial, Aeroespacial i Audiovisual de Terrassa

#### Presentation

Research is based on sharing knowledge and ideas, and foster discussions. This PhD Day wants to help researchers to present their advances to the doctoral community of UPC and expects to establish promising collaborations with your colleagues. Moreover, wants to help newcomers (first year doctoral students) to train results presentations and to show opportunities for master students that might become future researchers.

# **Participants**

Doctoral students from Doctoral Programs of the UPC or other Universities, interested in the topics of the Doctoral Programs. Students of the official master's degrees, as well as other members of the Universitat Politècnica de Catalunya can also register, as long as there are vacancies.

#### Registration

Registration is free and participation in the Conference is accredited with a certificate of attendance issued by the Doctoral School. To formalise the registration it is necessary to fill in this <u>one google</u> form until April 14th
