

DUTIES OF FINAL THESIS SUPERVISORS

You've just agreed to supervise the final thesis of an ESEIAAT student.

Remember:

- 1 The final thesis is a different kind of subject in which the student will carry out a single project and have to manage their time and resources.
 - 2 The supervisor's role is to guide the student and help ensure the quality of their work.
 - 3 It's important to meet with the student as necessary to monitor their work.
 - 4 On the final thesis website of the Terrassa School of Industrial, Aerospace and Audiovisual Engineering (ESEIAAT), you'll find all the information you need on the content and format of the files to be submitted.
 - 5 You are responsible for validating the student's thesis so that it can be submitted and assessed by the examination committee. You must review the thesis before the student formally deposits it in Atenea TFE.
- ↓ When validating a thesis, bear in mind the following points:

40%

Overall:

- coherence and clarity in the relationship between objective and results
- use of critical thinking
- originality and innovation
- correlation between theory and practice

10%

Convincing theoretical foundations and exposition of advances achieved

30%

Defence:

- communication skills
- slides
- adherence to allotted time

10%

Appropriateness of the methodology in relation to the subject matter

10%

Formal aspects :

- structure of the thesis
- writing
- bibliographical references
